SAYS RATES NOW LOWER

ASSISTANT MANAGER OF ROCK ISLAND GIVES EVIDENCE.

Says Shippers Are Securing Better Terms Than Ten Years Ago.

Chicago, Nov. 1.—Freight rates average lower today than ten years ago according to a statement made at the rate hearing today by Stanley H. Johnson, assistant freight traffic manager of the Rock Island.

Attorney Dickinson, of the Rock Island, asked Mr. Johnson why the roads had not increased their rates prior to 1906 when they had the opportunity to do so without interference. There were two thousand reasons, the witness said.

"In the first place," he declared, "the state railway commissions of Missouri and Texas were an obstacle. Secondly, the railways were engaged in very active competition at the time."

Mr. Johnson said the railroads were better off in the matter of securing full legal rates than they were prior to the enactment of the Hepburn law when rebating was a common practice. Commissioner Lane asked if rates were lower under competition than under governmental regulation.

"Taking everything into consideration," replied the witness, "the shippers today are securing lower rates than they did ten years ago."

Increased revenue, witness said, was due to increased volume of business.

DEATH OF JACK STAPLETON.

Passed Away Early Tuesday Morning After a Long Illness.

Tuesday morning between 4 and 5 o'clock Jack Stapleton passed quietly away at his home on Silver street, from the dread disease consumption, from which he had suffered for many months, but had been confined to his bed only a few weeks. Monday night he was feeling some better and during the night told his son he felt so well he need not sit up with him.

About 4 o'clock yesterday morning his wife went to his bedside and he seemed to be resting quietly, but when she went to him again at 5 o'clock she found that the spirit of her husband had left its earthly tenement.

Shelby (Jack) Stapleton was born in Hawkins county, Tenn., Sept. 13, 1855. He came to Texas twenty-two years ago, and has been in employ of the Lassater & Harrison, and D. W. Harrison furniture store ever since.

He is survived by his wife, two sons and two daughters. Of these one daughter, Mrs. Foote lives at Abilene, and will not be able to be here for the funeral. The other daughter, Mrs. Oscar Pryor, lives here. One son Tom, lives at Weiland, the other son, Charley, lives at the home here. Two brothers, Tivis, of Whitewright, and Perry lives south of the city.

Jack Stapleton was widely known and respected in this city for his up-right and honorable character. He was a member of Wesley Methodist church and led a consistent Christian life. His death will bring sorrow to a large circle of friends.

The funeral will be held at the residence on Silver street at 10 o'clock this morning conducted by Rev. E. H. Casey, and burial in East Mount cemetery.

The mourning family have the sincere sympathy of their many friends in this time of grief.

HURLED BOMB AT EMPRESS.

Man Who Attempted to Assassinate is Now Dying in America.

Los Angeles, Cal., Nov. 1.—Major C. C. Derudio, who, in the early 80s, as a member of the royalist party of France, attempted to assassinate Empress Eugenie by hurling a bomb under her carriage, is dying at his home in this city. He is seventy-eight years old.

Major Derudio was sentenced to be guillotined as a result of his attempt to assassinate the empress, but Queen Victoria interposed in his behalf at the request of his English wife, and the punishment was reduced to exile. He came to the United States and participated in the Civil War.

He has been retired a number of years from the rank of major.

SAY JUROR WAS BRIBED

TRIAL IN NEW YORK COMES TO A SUDDEN HALT.

Defendant Ran Into a Buggy Killing Miss Grace Hough Instantly.

New York, Nov. 1.—The trial of Edward J. Rosenheimer, reported to be a millionaire, charged with the murder of Miss Grace Hough by running her down with his automobile, was suddenly halted today before Justice O'Connor by the arrest of one of the jurors, Geo. W. Yeandle, an architect, on the charge of having demanded and accepted a bribe.

The arrest was made after \$500, it was alleged, had been given to Yeandle by Geo. A. Knobel, one of Rosenheimer's lawyers. The money, it was learned, was a payment on account of a total sum of \$2,000.

A man named Timendorfer, a friend of Yeandle, also was taken into custody, charged with having been the "go-between."

Yeandle was a juror in the first Noy Patterson trial and is said to have been one of those who held out against a verdict of guilty.

Rosenheimer is alleged to have run into the buggy in which Miss Hough was riding and after the collision to have continued on his way without waiting to render any assistance. Miss Hough was killed instantly.

This church was formerly known as the Tenth Street Methodist church and Dr. Bradford ten years ago this fall became pastor of that church and served in this capacity for three years. He stated today that in going to Austin he felt like he was going among old friends and was gratified that the members of this church again desired him as their pastor.

DISORDERS IN CHICAGO

MOUNTED POLICE RIDE INTO CROWD OF STRIKERS.

Reported That Society Woman Who Acted as Picket for Garment Workers is Injured.

Chicago, Nov. 1.—Mounted police in the business district rode into a crowd gathered this afternoon by a parade of striking garment workers who were attempting to parade without a permit. Many persons were knocked down and more than a dozen injured, including two girls and two children, none, however, seriously.

The disorder occurred on Adams street near Fifth avenue. One of the injured persons was said to have been a society woman who was acting as a picket for the strikers. She was hurriedly removed and her identity could not be learned. The police quickly forced the crowd apart, sending most of the strikers and spectators scurrying up side streets and alleys. In a gathering two miles distant in the center of town hicks were thrown in lively fashion.

TAFT IS VERY BUSY.

President Anxious to Aid His Party in Two States.

New York, Nov. 1.—President Taft's interest in the Republican state campaign was shown today by the presence in New York of Jas. Wilson, secretary of agriculture, and Chas. H. Norton, secretary to the president. Mr. Wilson left this afternoon to deliver three of four campaign speeches in state. Mr. Norton had conference with both Henry L. Stimson, the Republican candidate for governor, and Fern P. Prentice, chairman of the Republican state committee.

Secretary Wilson said he did not know much about the local state issues but he added:

"I take it for granted that Roosevelt will carry things as usual. If the house of representatives is going to be Democratic you people in the East will make it so. The West won't do it. They've had their fight out."

Word was received at Republican state headquarters today that Mr. Taft wished to see Secretary Wilson begin his speaking tour in Ohio as soon as possible. For this reason it is proposed to cancel a speaking tour Mr. Wilson has for Friday night at Syracuse and send him into Ohio that day.

WOULD STOP THE RIOTS

NEW YORK POLICE REINFORCED TO HANDLE STRIKE.

Understand All Companies Except One Willing to Consider Demands. Strike May Spread.

New York, Nov. 1.—Police measures today were more comprehensive than ever for the preservation of order in the strike of several thousand express company employees, which has practically tied up express traffic throughout the city for several days past and has been accompanied by serious rioting. Police officers and special guards swarmed about the danger points at express company offices and stables, where hundreds of strikers have been gathered and the city authorities were prepared, they said, to give weapons sent out all need of protection.

Possible results were looked for today out of the conference held by Governor Fort of New Jersey late yesterday with representatives of the strikers in Jersey City, and later with express company officials in Manhattan.

It was stated that the New Jersey executive made known to the company officials what the strikers' demands were. While no official statement on the result of the conference could be had, it was understood that all but one of the companies were willing to consider the demands of the strikers—recognition of their union.

The companies represented at the conference, it was said, were the United States, Adams, American, Wells Fargo and National.

It was reported today the department store drivers would be called out in aid of the express force.
